Ideal Concrete Block Company...A Name You Can Rely On

Pavers by Ideal® is a registered trademark of *Ideal Concrete Block Company, Inc.*, a name synonymous with quality masonry products. We have made New England our home for a while now, since 1923 to be exact, and during that time, the *Ideal* tradition of quality has been passed along through three generations of the Burgoyne family. We manufacture one of the largest assortment of interlocking concrete pavers, landscape retaining wall systems, and yardscape products in the Northeast. You can rely on us...our name stands for quality, service, and reliability...over 85 years worth!

Our Authorized Dealer Network

You can find our products at many fine dealers located throughout the Northeast. In establishing our network of Authorized Dealers, we selected retailers who share our core values of commitment to customer service. Look to them for guidance and assistance in selecting your pavers and wall systems. Many offer extensive product displays where you can see our products, and their trained staff can answer questions you might have, place your order, and arrange for prompt delivery to make sure your landscape project is a success from start to finish!

For the name of our Authorized Dealer in your area, call us at **1-800-24-IDEAL** or visit our website at www.IdealConcreteBlock.com.

We Are Here For You!

We value our relationship with our customers and strive to offer the level of service and expertise that meets your needs. As charter members of the Interlocking Concrete Pavement Institute and a member-director of Uni-Group U.S.A., our staff of dedicated professionals is among the most knowledgeable in the industry. Design professionals know they can rely on our extensive technical expertise, and we have worked with hundreds of contractors throughout New England providing product information and training. In fact, several members of our staff are ICPI certified instructors. Design professionals may request a copy of one of our outstanding software programs for pavers or walls.

So if you need help, we are here for you. Because when it comes to knowing our stuff...nobody does it better!
